IN August 2016, while working the performance of our duties as a Law Enforcement Officer in Uniform on Department of Veteran Affairs property, I was informed by a VA employee that persons were possibly breaking into a vehicle that was located in the ED parking lot. At approximately 00:50 AM the employee came to the Operations Service window at the Police Operations Office. Officer Neunzer and myself immediately responded to the parking lot area of the Emergency Room (Lot C). Once in the parking lot, I observed a green Saturn vehicle, Berry, New Mexico plate number 6695PA, parked in the northwest corner of the parking lot. Two individuals were inside the vehicle, a male and a female. I approached the vehicle from the Driver's side, Officer Neunzer approached from the passenger side. I asked the male subject if he was the owner of the vehicle and he responded "No". Noticing the two subjects acting suspicious, I ordered the Driver to step out, Officer Neunzer ordered the passenger to step out also. Once the Driver was out of the vehicle, I asked him to place his hand on his head so I could keep my eye on his hand and step away from the vehicle. Once he was away from the vehicle, for safety purposes, the subject was handcuffed by myself. Officer Neunzer then placed the female in cuffs also once she was out of the vehicle. Officer Neunzer noticed the steering wheel and the ignition switch had been heavily damaged which appeared as if they had attempted to pop out the ignition switch. I asked the male subject again if the vehicle belonged to him, and again he said no. Officer Neunzer had asked the female what they were doing in the vehicle and if it belonged to them. She said it did not belong to them and that they were going to take it to get away for they had been traveling on foot for the last 4 days. I placed the male subject in my unit, Officer Neunzer placed the female in his unit. Once they had been secured in the units, Officer Neunzer began to take photos of the vehicle. It was discovered the ignition switch had been tampered with and a steel rod was found inside the vehicle which was used to

Tanco. The ~~ignition~~ <sup>key</sup> ~~was~~ <sup>was</sup> ~~photos~~ <sup>photos</sup>  
 were taken at the vehicle's damages and all the  
 tools used to accomplish that. Once all photos were  
 taken, the items were seized as evidence. Once the  
 scene/vehicle was processed, both subjects were transported  
 to Bldg 1 in separate vehicles. I read the male subject  
 his rights and he stated he wanted a lawyer. At  
 that point I stopped with my written questioning of him.  
 He was identified as JETSON McLAINE by his own admission.  
 McLAINE was placed in the holding cell. The female  
 identified herself as SARAH BLEVINS. The vehicle's  
 license plate was run through NMIC for a registration  
 check. Vehicle came back registered to SARAH  
 BLEVINS out of Albuquerque, NM. We attempted to  
 locate BLEVINS by checking to see if she was an employee  
 or patient and had no luck locating her. The registered  
 owner SARAH BLEVINS came by later in the afternoon  
 after 3pm <sup>on August 29, 2016</sup> to pickup her vehicle and it was released  
 to her.
